To Change Hands:

Tools Needed: Needle Nose pliers, Crescent wrench.

LEFT HAND REVERSE

RIGHT HAND REVERSE

1. Remove cotter pin.
2. Remove castle nut.
3. Remove washer.
4. Carefully pull up on spring hub to disengage spring.
5. Remove spring and note orientation.
6. Remove lever handle.
7. Pick-up flat gear, flip and orient stop opposite side of stop post. See pictures for orientation.
8. Install spring upside down from original orientation and place spring leg on opposite side of stop post from original installation orientation. See pictures for orientation.
9. Install lever 180 degrees from original position.
10. Install spring hub with stamped number in the 6 o'clock position.
11. Rotate spring leg around with needle nose pliers to engage notch in spring hub, refer to pictures for reference position. Press down on spring hub to ensure complete engagement.
12. Install washer.
13. Install castle nut, do not over tighten, verify by insuring lever returns horizontally on its own.
14. Install cotter pin.

1. Check box for contents. See page 3 for components.
2. After marking door inside face for device location (Device Instructions), transfer Vertical Reference Centerline from inside to outside door face. Follow steps 2a and 2b below.

2a. Measure inside line location

2b. Transfer dimension to outside face.

3. Transfer Horizontal Reference Centerline from inside to outside door face.
4. Align trim template and tape to outside door face.
CAUTION: Office copiers and facsimile machines may change the size of a drawing and make the inaccurate to use as door marker. If this is not the original template packed with the trim, use only the dimensions written on the template to locate the holes on the door (do not use the template as a door marker).
5. Spot holes and prepare door for trim.
6. Mount trim to door thru holes "B". Fasten finger tight only with (2) screws and washers seating on door as shown in Figure 1.
7. Cut trim tailpiece as shown in Figure 2.
8. Seat device so that trim tailpiece penetrates cam slot as shown in Figure 1. Continue as shown in device instructions.
