

565 /665 Metal End Cap Kits

Contents Include:

- (1) Hardware finished metal end cap
- (1) Mounting plate
- (2) Wood screws (to attach mounting plate)
- (2) Machine screws which match end cap finish (to attach end cap)

Instructions:

1. Remove existing end cap by removing cover screws.
2. Remove mounting plate by removing mounting plate screws.
3. Install new mounting plate using same holes in door. Mounting plate screws in back are same size and thread as old screws.
4. Install hardware finished metal end cap using two end cap screws.
